No GMO Status declaration

Egy-Group has been committed to providing the freshest, safest and most wholesome organic products in a manner exceeding FDA and USDA GMO Free requirements. The company continually seeks and adopts effective measures to ensure the quality and safety of its products.

Egy group is sensitive to consumer concern about genetically modified ingredients (known as "GMOs"). At this time, Egy group purchases seeds from a variety of quality suppliers, insuring that none of them are GMO.

Egy Group continually monitors developments in this area and continues to be guided by sound science, input from federal agencies and consumer demand. The company will continue to communicate about new developments and/or new products to its consumers and customers.

Egy group has remained a family-owned business since it's founding in 1985. specializes in organic high quality botanical and fresh fruits and vegetables.

Traceability is paramount to the integrity of this crops. Protocols are in place dictating the conditions necessary for ingredients to be accepted for Egy group can be identified with the producer who grew the product and ensure that these seeds are sourced from producers exhibiting a high standard of management and environmental responsibility in their growing practices.

Egy group are certified by

USDA Organic,

The Global Partnership for Good Agricultural Practice

Global GAP standard,

ISO.

For more information on the various methods of tractability apply on farms, please contact Nasser Khalifa at khalifa@egy-group.com.
